

# ECC2026

June 28 - July 2, 2026 | Paradise Hotel Busan, Busan, Korea

Name of Company	Triple-Stone Technology Co.,Ltd.	Company Logo
Address	Floor 5、 601, A 1, No.625 Xinsha 5th Road, Tangjiawan Town, Zhuhai, Guangdong, 519085, China	 <p>三石园科技 TRIPLE-STONE</p>
President	Xiangyang Chen	
Website	www.triple-stone.com	
E-mail	sales@triple-stone.com	
Tel	+86-756-867-9309	
Fax	+86-756-867-9309	
Exhibitor Introduction	<p>Triple-Stone, a leader of fiber-optic devices, was founded in 2015 as a high-tech enterprise specializing in the R&amp;D, production, and sales of fiber optic communication devices and OCS (Optical Circuit Switch).</p> <p>Triple-Stone's core team boasts over 20 years of industry experience. Equipped with domestic factories and overseas factories, Class 1K and 10K cleanrooms, production bases in China and Thailand, and an efficient operational system, the company has established unique competitive advantages: a) saving customers' space; b) enhancing transmission capacity and density in client-side networks.</p> <p>The company primarily operates four product lines:</p> <ol style="list-style-type: none"> <li>1.OCS(Optical Circuit Switch) &amp; Circulators: Including 512×512 OCS, 300×300 OCS, Silicon-photonics OCS, 8 in1 Circulators and Free-space Circulators.</li> <li>2.High Density Interconnection Products: Including MCF FI-FO, Fiber Array Units (FAU), Shuffle and special MPO/MTP patch cords.</li> <li>3.Products for Amplifiers and Fiber Lasers: Achieving breakthroughs in high-energy handling capacity.</li> <li>4.Active Engine Devices for Optical Access Network. Product series: TOSA, ROSA, BOSA, fully covering applications of 10G~50G optical transceivers.</li> </ol>	
Exhibit Product	<p>512×512 OCS(Optical Circuit Switch)</p> <p>1×N/M×N Single Mode MEMS Optical Switch</p> <p>8 in 1 Circulator</p> <p>Mini Circulator</p> <p>Free Space Circulator</p>
